

Florida Club Explained

The Florida Club allows owners at participating Florida MVCI properties to book their week at one of the other club properties six months out from their reservation time. If you are booking concurrent or consecutive weeks at the time of your Florida Club reservation, you can book seven months out.

Participating Properties

Grande Vista* – Orlando
 Legends Edge – Panama City
 Villas at Doral – Miami
 Beach Place Towers – Ft Lauderdale
 Ocean Point – Palm Beach Shores

*Not all owners at Grande Vista are eligible to book in to other Florida Club resorts. The original ownership must have had this option. If you are purchasing resale, verify if the unit you are purchasing has the ability to book in to other Florida Club resorts. Check the participating resorts link at the end of this document for additional information.

Purchasing Resale and the Florida Club

Opposite from what you may hear from a sales person, the Florida Club option transfers with the unit to the new owner when purchasing resale.

Booking and Seasons

You can reserve only within the season that you own at your home resort. If you own Platinum or Gold seasons, you can reserve in to any of the other Florida Club properties. However, if you own a silver season, you can only reserve in to two other resorts.

“Virtual” Lock Offs

If you own 2BR unit at a resort that does not have lock off units (Doral, Legends Edge), you can still use the lock off feature of other Florida Club properties by booking your weeks at those resorts and choosing to lock off.

When entering the unit number information in to II for a resort with lock offs, it is recommended that you enter the unit number for the full unit that you own. The II website will then prompt you to select the number of bedrooms for the unit you are wanting to search with/deposit.
